

**Rural Health Network Development Initiative  
Bleckley County Board of Education  
Job Announcement**

**The Bleckley County Board of Education is seeking qualified applicants for the position of School Based Health Center Mental Health Counselor/Coordinator. Applications will be accepted through August 21, 2017.**

**Position:** School Based Health Center Mental Health Counselor/Coordinator

**Position Funded Under:** Rural Health Development Network Grant  
Grant Funded Position – 3 Years (Temporary for term of award)

**Qualifications:**

- Master's Degree and counseling license and at least 3 years of previous experience relating to student health/social service issues.

**Duties and Responsibilities:**

- Expand School Based Health Center model to increase emphasis on the provision of behavioral health, dental health, and chronic disease care management.
- Support group assistance through the use of tele medicine.
- Assist with the development and implementation of additional standardized clinical protocols for behavioral health.
- Developing and updating an ongoing outreach/education/awareness campaign to encourage and facilitate enrollment in School Based Health Center Clinics.
- Facilitate ongoing training for school nurses and other support staff.

**Reporting Relationship:**

- The School Based Health Center Coordinator will report to the Rural Health Development Network Project Director.

**Salary:**

- This is a grant funded position temporary for 3 years. Salary will be based on levels approved in the award by the Federal Project Officer and commensurate with education, experience and training. This position typically follows a school calendar schedule during the school term but there will be some summer days required.

**Please send your qualifications and completed application to:**
